PARKING MAP & INFORMATION

Indianapolis International Airport

Shuttle buses to and from the terminal pick up and drop off passengers at each shelter in the Economy and the Long-Term Parking lot. **Before boarding a shuttle bus, please make note of your parking location so you remember where you left your vehicle upon your return.** Look for identification on each shuttle bus marking it as designated for the Economy or Long-Term lots. Board the correct shuttle upon your return to your vehicle.

The pick-up locations for those parked in the **Long-Term lot** are near Door 1 (south end) and Door 6 (north end) on the Arrivals Level of the terminal (lower level).

The pick-up location for those who parked in the **Economy lot** is in the Ground Transportation Center, which is 300 ft. from the terminal via the outside sidewalk or the overhead Pedestrian Bridge.

Remember where you park! Keep your parking ticket in a safe place, like your wallet. **If you parked in the Economy lot, your ticket will be blue; if you parked in the Long-Term Parking lot, your ticket will be orange.** For quick, easy reference when you return, write your section and row number on your ticket to make it easy to find your vehicle.

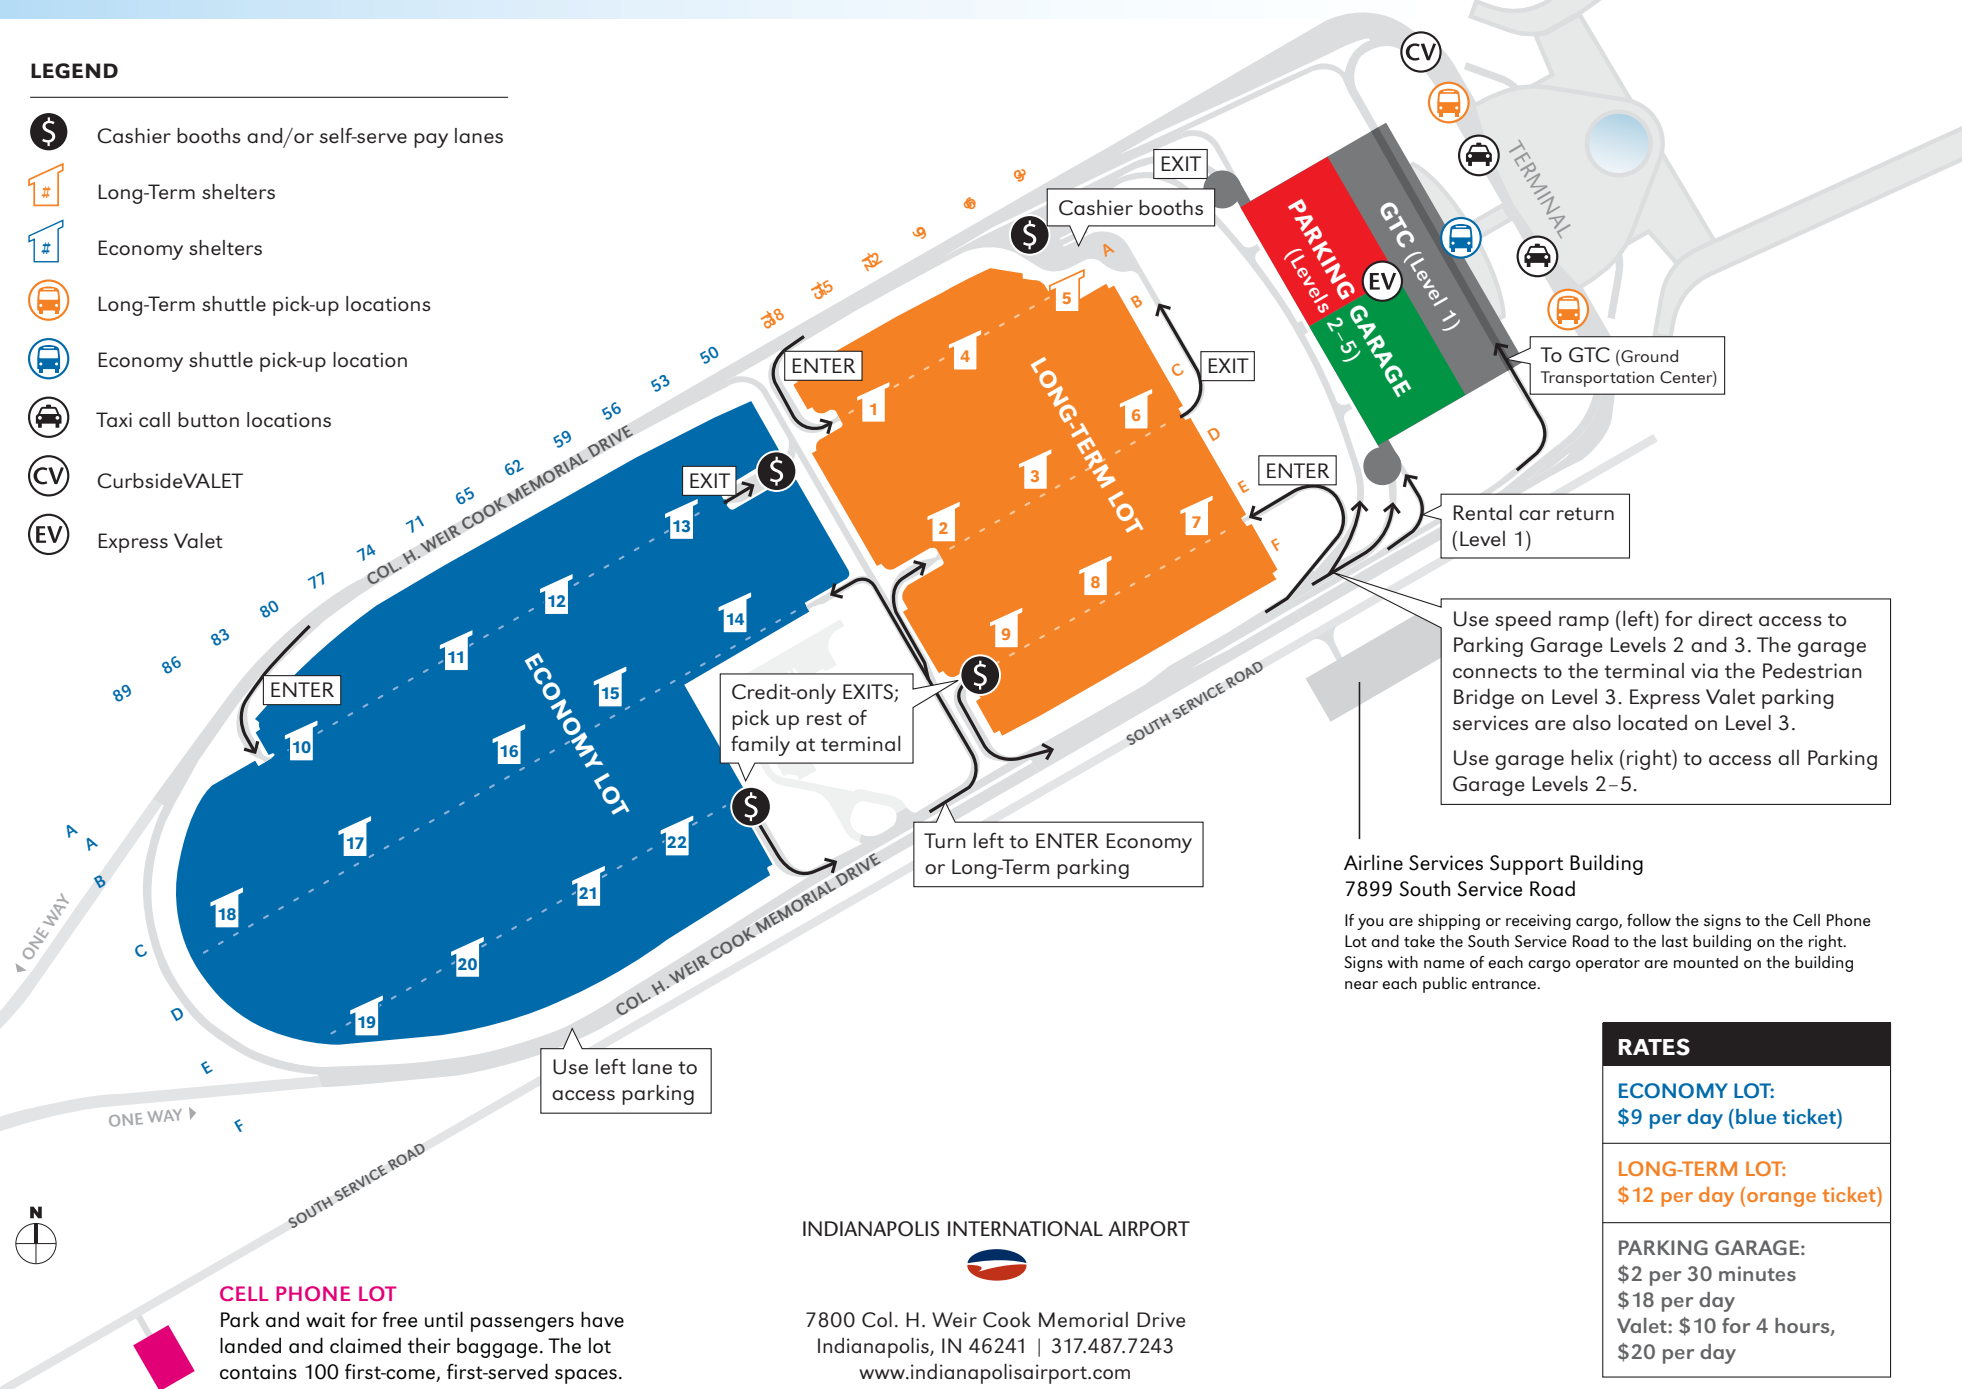

For taxi service, please step outside Baggage Claim on the lower level. You'll find taxi call buttons on either end of the sidewalk along the curb just outside Baggage Claim. Use these call buttons to summon a taxi once you have claimed your luggage.

There are two valet locations for your convenience—CurbsideVALET is located at the end of the departure level, and Express Valet is located on the third floor of the parking garage. Follow the posted signs to either location and our quick, courteous attendants will greet you, help unload your luggage, and park your vehicle so you can check-in or meet arriving passengers with maximum ease and convenience.

Complete details about parking at Indianapolis International Airport are available online at www.indianapolisairport.com.
